This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

STATE SCHOOL TAX.

The State School Tax, amounting to $4,051,360.32, has been received and disbursed to the several counties of the State in accordance with the apportionment of the State Comptroller.

Under the provisions of Chapter 96, Laws of 1900, there was taken from the State Fund, $100,000.00, and distributed among the several counties of this State, thereby reducing the amount to be raised for State School Tax.

Under the provisions of Chapter 146, P. L. 1906, there was collected $2,240,861.90 of the tax assessed in 1907, and payable in 1908, on main stem of railroads and distributed to the several counties, pursuant to Chapter 63, P. L. 1909.

REPAYMENT OF ACCUMULATED LOANS BY THE INCOME OF SCHOOL FUND.

To carry out the provisions of Chapter 64, P. L. of 1909, there was transferred from the State Fund to the Income of School Fund, $302,178.01. This amount was a portion of the railroad tax payable in 1907 applicable to school purposes which was withheld by the railroads pending litigation. By the receipt of this money the Income of School Fund was enabled to liquidate its accumulated debt of $175,000 borrowed from the State Fund at various times, and meet its annual appropriation. It is not likely that it will be necessary for the Income of School Fund to borrow from the State Fund in the future.

SALE OF REAL ESTATE.

The Charles A. Campbell lots, situate in the town of Woodbridge, Middlesex county, have been sold under agreement of sale, dated August 5, 1909, for $10,000 to the East Jersey Lumber and Timber Company, on which $500 has been paid on account.

RIPARIAN LEASES.

The following new Riparian Leases for lands under water made by the Riparian Commission, at seven per cent., have been added to the Securities of the School Fund:

William S. Kirk, Jr., Delaware river, Camden county, dated June 25, 1908	$1,019 00
Michael Dempsey, Jr., Delaware river, Camden county, dated April 30, 1908	3,048 10
Mary E. Lewis, Delaware river, Camden county, dated April 30, 1908	406 40
Goldsmith Detinning Company, Kill von Kull, Middlesex county, dated August 26, 1909	15,000 00
	$19,473 50

Under the provisions of Chapter 83, Laws of 1906, the following riparian lease has been cancelled and the original lease returned to the Riparian Commission:

Aaron A. & George W. Carpenter, dated January 31, 1895	$7,842 00
